

# COR-KNOT<sup>®</sup>

## INSTANT SECURITY

### **CONTROL**

- Exquisite remote suture tensioning
- Unsurpassed visibility of prosthetic-tissue interface
- One device simultaneously fastens and trims suture

### **SPEED**

- Faster and easier than hand-tying
- Place fastener and precisely trim suture in seconds
- May reduce OR time, including CPB and XCT duration

### **SECURITY**

- Low-profile, always strong mechanical fastener
- Unparalleled automated reliability
- Excellent hemodynamic and clinical results

**LSI SOLUTIONS<sup>®</sup>**
